HAPPY CAMPERS

Oyster Roast

About Camp Cole

Designed from the heart for children, teens, and adults with illnesses, disabilities, and life challenges, Camp Cole is a camp and retreat center where everyone, regardless of their circumstances, can connect, share, encourage, and shine. Funds raised from Happy Campers Oyster Roast will go towards providing incredible camp experiences for our campers.

During our first two summers at Camp Cole, we served over 1,300 campers with a variety of illnesses, disabilities, and life challenges. Among our campers were children who have cancer, have experienced or are currently experiencing homelessness or are from low-income families, have Down syndrome, autism, sickle cell disease, and many other illnesses and challenges. At Camp Cole, everybody shines, which is why we intentionally collaborate with pre-existing organizations, also known as our Camp Partners, to deliver year-round world-class experiences with intentional programming. Our 40-acre campus is an idyllic home-away-from-home for everyone who visits and a safe place to try new things, grow in independence and confidence, and share friendships with people with similar challenges and capabilities.
